- 13 This class meets the minimum university requirements for a service-learning course, which includes: (1) the service-learning component is integral to and supportive of the academic focus of the course; (2) the course has a mechanism to introduce the service ethic; (3) students are required to perform at least 15 hours of academically relevant community service; (4) service-learning accounts for at least 15% of the total course grade; and (5) structured opportunities for critical reflection on the service experience are provided.
- 14 CR/NC Credit/No Credit Grading only. You may find the definition of CR/NC in the current California State University, Fresno General Catalog under Academic Regulations, Explanation of Grades.
- 15 Web-Enhanced classes meet during regularly scheduled class times, and use Blackboard or other technology to deliver class materials. Up to half of the traditional class time may be replaced with on-line instruction.
- 17 Web-Based classes are taught entirely on-line. Unlike a traditional class, a web-based class does not meet in a classroom for instruction, although students may be required to meet for an in-class orientation or to take exams. Web-based classes require the same amount of work and hours as a regular class.
- 18 This section has a prerequisite. For more information, please refer to the current California State University, Fresno General Catalog or consult with your academic adviser.
- 22 Secure permission to register from the department office.

» <u>Topic Courses</u>

Topics courses:

- Are courses departments offer occasionally.
- Are shown in the catalog with the generic "parent" course approved for each department/program. The "child" courses are not listed in the catalog.
- A "child" topics course can be offered a maximum of 5 semesters, after which the course needs to be either discontinued, or go through the curriculum approval process to be converted to a regular course. NOTE: Once a child topics course has been created, it must be offered with the same title and description for the maximum 5 semesters, or it will not be accepted.
- A Topics Course Proposal form must be completed and turned into the Scheduling Office for each topics course that is to be offered in a particular semester, even if it has been offered in previous semesters.
- Topics Course Proposals are due 2 weeks prior to registration.
- The Topics Course Proposal Form is on the Academic Scheduling website.
- See next page for a Topics Course Proposal Example.
